

HOW DO YOU IMPLEMENT KANBAN IN YOUR ORGANIZATION?

STEPS TO IMPLEMENT KANBAN

IMPLEMENTING KANBAN IN YOUR ORGANIZATION IS NOT AS SIMPLE AS USE OF OTHER LEAN TOOLS

IF DONE EFFECTIVELY, YOUR ORGANIZATION CAN SUCCESSFULLY ACHIEVE SEVERAL BENEFITS OF A LEAN ORGANIZATION

STEP 01. VISUALIZE YOUR WORKFLOW

LOOK AT YOUR END TO END BUSINESS PROCESS

UNDERSTAND HOW A TRANSACTION FLOWS AND MAP IT

VISUALIZATION OF YOUR WORKFLOW IS A KEY STEP

**YOU SHOULD EXACTLY KNOW WHERE ARE THE BOTTLENECKS,
WHERE IS WAITING INVOLVED, WHERE DO YOU STOCK INVENTORY
LEVELS, ETC**

STEP 02. IDENTIFY THE MIN. LEVEL OF WORK UNITS

IN THE SUPERMARKET EXAMPLE, YOU CAN CALCULATE THE NUMBER OF ITEMS PICKED FROM A PARTICULAR LOCATION

YOU CAN CALCULATE THE REQUIRED SAFETY STOCK SO THAT THE PRODUCT DOESN'T BECOME UNAVAILABLE

YOU MAY HAVE TO CALCULATE FOR ALL THE PRODUCTS

STEP 03. CREATE A GAUGE

**AS SOON AS THE PRODUCT REACHES MIN. LEVELS OF AVAILABILITY
IT SHOULD TRIGGER AN INDICATION REQUESTING THE DEPLETED
STOCK TO BE REPLENISHED**

STEP 04. REPLENISH THE STOCK

AS SOON AS YOU COME TO KNOW THAT THE REQUIRED STOCK NEEDS TO BE REPLENISHED, IT IS IMPORTANT TO HAVE THAT FILLED

STEP 05. OPTIMIZE YOUR KANBAN SYSTEM

KANBAN IMPLEMENTATION IS NOT A ONE-TIME ACTIVITY

STUDY THE REQUIREMENTS OF YOUR CUSTOMERS, THE NUMBER OF TIMES THEY PICK UP OR ORDER A PARTICULAR PRODUCT, THE AVAILABILITY OF SAFETY STOCKS, AMONG OTHERS

AS YOU COME ACROSS NEW FINDINGS, IT IS IMPORTANT TO INCORPORATE THEM IN THE PROCESS

CONTINUING THE FEEDBACK LOOP IS THE BEST WAY TO PROGRESS AND KEEP EARNING PROFITS
