

ACTIVITY SOLUTION: USE 5 WHY ANALYSIS FOR GIVEN SITUATIONS

ACTIVITY: USE 5 WHY ANALYSIS

YOU ARE GIVEN A TYPICAL BUSINESS SITUATION WHERE THE TIME TAKEN PER TRANSACTION, IN OTHER WORDS, THE AVERAGE HANDLE TIME PER TRANSACTION IS EXTREMELY HIGH

BEING A LEAN EXPERT YOU NEED TO UNCOVER THE ROOT-CAUSE OF THE GIVEN PROBLEM USING THE 5 WHY ANALYSIS TECHNIQUE

ACTIVITY SOLUTION: PART 01

- | | | |
|----------|---|---|
| 1 | Why is the Average Handle Time High? | Because there are Disciplinary issues |
| <hr/> | | |
| 2 | Why are there disciplinary issues? | Because there's lack of bonding with work |
| <hr/> | | |
| 3 | Why is there lack of bonding with work? | Because work is uninteresting |
| <hr/> | | |
| 4 | Why is work uninteresting? | Because there's no incentive to finish transactions within the given AHT |
| <hr/> | | |
| 5 | Why is there no incentive to finish transactions within the given AHT? | Because the incentive policy was last updated in 2002; has not been revised since then |

ACTIVITY SOLUTION: PART 02

1	Why is the AHT high?	Because there is no governance
2	Why is there no governance?	Because team leads are not being questioned for high AHT
3	Why are team leads not questioned for high AHT?	Because their managers do not do their job of asking questions
4	Why do the managers do not do their job of asking questions?	Because they do not have access to real time AHT reports
5	Why do they not have access to real time AHT report?	Because the systems are not designed to create real-time AHT report
